Before you start (Preconditions)

- ☐ All **9** seeded SweCham 2026 plans are present (6 corporate + 3 partnership) with the correct status
- ☐ The invoice settings (Settings → Invoicing) have THB currency / VAT 7% configured (so the list can show currency and a VAT preview amount)
- ☐ Test accounts exist for all 3 roles: **admin**, **manager**, **member**
- ☐ The target year used for the Clone test (e.g. 2030) **has no plans yet** (so the successful clone can be tested)

How to fill in: For each TC, mark **Pass / Fail** in the "Result" field and add evidence (document number / screenshot) in the "Notes" field.
